**CONFLICT IN EVENTS:** Competitors who are entered in field events being held simultaneously must report to both event officials prior to the start of competition, otherwise the athlete will be scratched. If the field event is in conflict with a running event, the athlete must secure a release from the field event official and report to the Clerk-of-the-Course. Athletes may not report directly to the starting line. Athletes must first check-in with the Clerk-of-the-Course.

## **RUNNING EVENT MECHANICS**

**RACES OVER 400 METERS:** The 800m, 1600m, 3200m runs will use a one-turn staggered start. The 4x400m relay will be staggered in lanes for 3 turns.

**HEAT ASSIGNMENTS IN PRELIMINARIES:** Assignments to heat preliminaries will be made by the Meet Director and Games Committee. Seeding will be serpentine with the fastest entrant in the final preliminary heat.

**LANE ASSIGNMENT IN TRIALS AND FINALS:** In all races except the 800m, 1600m and 3200m runs, the Games Committee will assign the fastest qualified runners or qualifiers in each round of competition to the middle lanes, or the preferred lanes as determined by the Games Committee, and the next fastest qualifiers to the adjacent lanes, and so on (4,5,3,6,2,7,1,8). Lane assignment will be based on time only. No preference will be given for placing in preliminary heats.

There will be 3 preliminary heats in the 800-meters. If the number of entrants is 24 or less, preliminary heats will be seeded in-lane according to the procedure outlined in the previous paragraph. If there are greater than 24 total entrants in preliminary heats, each heat will be seeded in 2 alleys according to the procedure outlined below for the 1600m and 3200m races. Finals will be seeded in 2 alleys according to the procedure outlined below for the 1600m.

There will be 2 heats in the 1600-meter run, with runners starting in alleys for the first turn.

The 1600m preliminaries and finals will be run in alleys and seeded based upon time. Starting in lane 1 working out will be 12, 11, 10, 9, 8, 7, 4, 3 seeds. The outside alley will be 1,2,5,6 seeds. The 3200m will follow a similar pattern with the top seeds receiving favored positions nearest the center of the track.

**QUALIFYING FOR RUNNING FINALS:** In all trial races except the 800m and 1600m run, the first place finishers in each heat will qualify for the finals. The remaining qualifiers will be determined by the times they run in those trial heats. In the case of a tie(s) for first place in trial heats, all runners involved in the first place tie will qualify for the finals and the number of non-first place finishers will be reduced to ensure there are not more than 8 runners in the finals of all lane races.

In the 800m run there will be 3 heats. The first 3 placers in each heat, plus the next fastest 3 times will qualify for the final. The final field will be comprised of 12 athletes.

In the 1600m run there will be 2 heats. The first 4 placers in each heat, plus the next fastest 4 times will qualify for the final. The final field will be comprised of 12 athletes.

The 3200-meter run will be conducted as a finals-only for all entrants on Saturday.

**STARTING BLOCKS AND BATONS:** Only starting blocks and relay batons provided by meet management will be used.

Those exhibition relay teams that list an athlete, or athletes, which may qualify for the MOC, must include an alternate, or alternates, with revised seeding time, or revised seeding times. If a team has an athlete advance to the MOC and no alternate has been submitted, or if there is an alternate included but no revised seeding time was submitted, the team will be scratched.
